Dear Kim

International Student Support for Christchurch

Study Christchurch would like to pass on our sincerest appreciation for your support since the devastating earthquakes of the last 12 months.

Canterbury people are incredibly grateful for the outpouring of support from around the country and the world. We are working hard to recover quickly and are excited about what the future holds for us all.

Study Christchurch is particularly grateful to your staff and students for the acknowledgement and support of international students affected by the earthquakes.

International students have been hit hard due to their schools closing or moving and in many cases accommodation facilities being damaged or destroyed. The financial and personal stress these students have experienced is heart breaking.

We were thrilled to be asked to distribute your generous donation on your behalf. The donation now been fully distributed to a total of 14 students from 7 countries. For the recipients it has been a life-changing experience and further vindication of their decision to choose to study in New Zealand.

Please pass on our warmest thanks to the donors on behalf of Study Christchurch, Canterbury Development Corporation and Christchurch's international student population.

Your support has truly made a difference to our recovery.

Kind regards
